FOR IMMEDIATE RELEASE

MPR INCREASES FOCUS ON MEDICAL DEVICE MANUFACTURERS AND LIFE SCIENCES COMPANIES, EXPANDS REACH OVERSEAS

Alexandria, Virginia (January 2008) — MPR and BioDiscovery, a Japan based company, has entered into an agreement to develop business opportunities in the area of life science product development. BioDiscovery is a business development firm, whose focus is to link new companies to various resources. This agreement will serve as the conduit to expand MPR international opportunities in the areas of medical devices, biotechnology, and life sciences.

About MPR

MPR is an employee-owned engineering services firm that was founded in 1964. The company is headquartered in Alexandria, Virginia, with offices in Houston, Texas; Clifton Park, New York., just outside of Albany; East Lyme, Connecticut; and Los Angeles, California. MPR maintains a staff of 170 and actively recruits promising engineers and scientists from major U.S. colleges and universities.

MPR specializes in serving the nuclear power, energy, federal government and product development market segments, including medical device manufacturing and life sciences. The company supports clients in 46 countries and six continents. The company is responsible for more than 35 patents and more than 70 “first-of-a-kind” proprietary solutions.
